THE SAG-AFTRA FOUNDATION

# ABOUT

The SAG-AFTRA Foundation was founded to support artists. We're here for our union members in good times and bad. Whether it's through our educational and performance programs, or our health and financial assistance, our goal is to create opportunities for performers to continue their craft, and offer assistance and programming that can literally change an artist's life.

Founded in 1985, the SAG-AFTRA Foundation is a national non-profit organization that provides all of our programs at no-cost to union members and the communities we serve.

The Foundation provides emergency financial assistance to performers in times of urgent need. Since 2020, the Foundation has granted over **\$17 million** in emergency aid to more than **15,000** SAG-AFTRA artists and families in dire financial hardship due to the pandemic, work stoppages, natural disasters and other unexpected life crises.

Annually, the Foundation offers more than **4,000** free career-building workshops, screenings, seminars and panels to more than **45,000** SAG-AFTRA members. The Foundation's video gallery [[youtube.com/sagaftrafoundation](https://youtube.com/sagaftrafoundation)] features over **2,700** educational and inspirational videos along with a live stream channel accessible to all performers and entertainment enthusiasts worldwide.

The Foundation operates offices, voiceover and on-camera labs, and a computer lab in Los Angeles and New York along with a screening room in Los Angeles and the Robin Williams Center for Entertainment and Media Screening Room in New York. In Summer 2024, the Foundation opened its doors to the Meryl Streep Center for Performing Artists, a new state-of-the-art facility in the heart of the entertainment capital of the world. The Center serves as an educational hub and creative home for all 160,000 SAG-AFTRA artists. The Center also includes a state-of-the-art screening room with the latest technology, voiceover recording sound booths, on-camera recording studio, tech labs, an editing bay, and instructional classrooms.

The Foundation's children's literacy program **Storyline Online**® [[storylineonline.net](https://storylineonline.net)] is a free online resource for children, teachers and parents worldwide, and has a lifetime view count of over **900 million**.

THE L.A. GOLF CLASSIC BENEFITS

# ASSISTANCE PROGRAMS

The SAG-AFTRA Foundation's L.A. Golf Classic benefits its Emergency Health and Financial Assistance programs for SAG-AFTRA families in need.

Being able to do what you love and help others is what the Foundation gives to the artists of our industry. . . . Without their support, my life would be very different.

- Carlease Burke, actor

None of us are immune to the kind of events that happened to Joe. And that's why the Foundation's assistance programs are so important. The help that Joe received literally saved his life and I can't think of anything more important than that.

- Steve Carell (left) on Joe Narciso (right), actors
